

Crossfield Chronicle

Vol. 4, No. 47

EDMONTON, ALBERTA, FRIDAY, NOV. 21, 1952

Local Couples Honored

CROSSFIELD—Mr. and Mrs. Charles Fox entertained 17 dinner guests at a recent dinner bridge held in their home. A very pleasant evening was spent with four tables of bridge in play and prizes were awarded to high scores held by Mrs. Marie Stafford and Frank Ruddy. Consolations were held by Mrs. Evelyn Lilley and Wilson Stafford.

The occasion celebrated the 32nd Ruddy, and the 28th Ballam wedding anniversaries. Mrs. A. Pullan, a recent car accident victim, was also able to attend. A tasty midnight lunch was served.

Local F.W.U.A Elect New Slate

CROSSFIELD—Thirty-one F.W.U.A members met in the church parlor on Wednesday, where they entertained at a luncheon, 10 F.W.U.A members from Carstairs Sub-district No. 2. At this social get-together, Mrs. Braithwaite, Red Deer, of district No. 10 was guest speaker. Plans were made for July 4 conference at Carstairs, at which Mrs. Annie Aldred was chosen as chairman and Mrs. Montgomery as secretary.

At this conference there will be display of handicraft for which prizes will be awarded. Conveners for handicraft will be Mrs. Alice Aldred, Crossfield, and Mrs. Ray Bell, Carstairs.

The new slate of officers for the current term are: President, Vera Aldred; vice-president, Ina Baxter; secretary, Maude Stafford; treasurer, Annie Aldred. Delegates to the convention are Mesdames V. Aldred and N. Wigle. The next meeting will be held one week later than usual and date is December 17.

CROSSFIELD WATER SYSTEM VOTE CARRIED

CROSSFIELD—The recent vote and drillers, as two wells will be necessary which will have to produce at specified rates before being accepted as a satisfactory water supply.

The council is very pleased with the voting results and will be doing everything in its power to advance the progress of our town.

Now that the voting has been found in favor, the council are approaching qualified geologists

Crossfielders Return From Regina

CROSSFIELD—Mr. and Mrs. Bert Lilley, Mrs. F. Ruddy and son Neil returned on Monday midnight from Regina. Having left there in the morning, they had supper with the Bottomley's at Medicine Hat, and reached Crossfield about 11:30 after a pleasant motor trip. Mrs. Ruddy and Neil visited with Mr. and Mrs. Foreman (nee Hazel Ruddy) and their new daughter Carol Lynne. Hazel's hand is almost better after a wringer injury, and the couple are moving to a new oil field about 100 miles out of Regina, called "Horizon."

The Lilleys found their son Lawrence in fine health and enjoying his training with the RCMP. They also visited Mrs. Ken Borbridge's sister and family, Sgt. and Mrs. Bob Stoakes and daughter Cynthia. The roads were found fairly good all the way and fairly free from traffic.

Crossfield Old-Timers Mourn Passing Of Well-known Member

CROSSFIELD—Funeral services for the late Mrs. Waldo McFarlane of Youngstown who died in Youngstown at the age of 59, were held in the Youngstown United Church on Sunday, Nov. 9 at 1:30 p.m. with the Rev. W. J. Wright officiating. Later services for Mrs. McFarlane were held on Monday, Nov. 10 in the Jacques Funeral Home.

Born in Lunenburg, N.S., Mrs. McFarlane came to Calgary in 1908, residing there and in Crossfield, until moving to Youngstown three years ago when her husband became proprietor of the Youngtown hotel.

She is survived by her husband; two daughters, Mrs. R. J. (Bernece) Buehler, Vulcan, Mrs. George (Ruth) McCullough, Trail, B.C.; and one sister, Mrs. L. Burrows of Calgary.

Mrs. McFarlane was a member

Crossfield News Notes

Nine Crossfield boys visited Beiseker on Sunday and some took part in a football game with Beiseker boys, who gave them a trimming to the tune of 20-5, but the boys can take a whipping gracefully and enjoyed their outing.

Mrs. Greta Hall is visiting at Claresholm and is very proud of her now grand-daughter born on Armistice Day, Nov. 11. The parents Mr. and Mrs. Dodd (nee Alice Hall) are very happy at the birth of their first child.

Mrs. Levi Smith has returned from the Calgary General hospital, where over a week previous she was admitted for surgery. She is convalescing nicely at her home in Crossfield.

Drumheller Boy New World Wheat King

DRUMHELLER—Ronald Leonhardt, 19, of Drumheller, Alberta, is the new World Wheat King. He is the son of Mr. and Mrs. Alexander Leonhardt of Drumheller.

Ronald's first inkling of his success came to him on a radio broadcast Saturday morning.

Ronald was born in Drumheller, December 10, 1932, and has lived in this district all his life. A husky, good-looking youth, he stands 5 feet 10½ inches and weighs 190 pounds.

His parents came from Russia to Chicago in 1907, where Mr. Leonhardt worked as a farm laborer until 1911, when he came to the Drumheller district. They have farmed on their present farm since 1925. They have 890 acres.

Earlier this year Ronald attended the Junior Club Week at Oids where he was given a general agricultural course. Ronald won a \$75 scholarship in the grain club section of the course. The scholarship is toward expenses at a school of agriculture.

On April 28 of this year, Ronald seeded the grain that was to bring him top honors in the wheat world. The wheat was certified Marquis wheat, raised at the farm of P. J. Rock and Son, just west of Drumheller.

Here on Oct. 25th his sample took second place in the Drumheller Junior Grain Club competition and second place in the Drumheller District Junior Seed Fair. Rickey Sharpe's sample was the only sample better than his own. Sharpe won the Reserve Championship at Toronto.

Referring to Rickey's sample, Ronald stated, "his sample seemed to be more uniform and I guess that is why I was placed second."

FAT BOY DIET

Keep Calories Low If You're Reducing

While my "home-made" diet wouldn't work, the scientific diet furnished by my doctor certainly began to do the trick. And I'm passing on to you some sample menus that'll really knock off those unwanted pounds. Each menu lists the number of calories the meal contains.

THIS WILL reduce you:

Breakfast:
Average size tomato juice 52
2 soft-boiled eggs 130
2 slices crisp bacon 50
1 slice any bread, butter, jelly
Black coffee or tea

Fillin' too 305

Luncheon:
Light soup, cup
Normal blue plate of meat, fish
Two vegetables
Vinegar salad
1 slice any bread, butter, jelly
Jello dessert
Buttermilk
Black coffee

Not bad 503

Man-size dinner:
1 thin soup
1 order most meats, fish
1 order most vegetables (choose 3)
1 slice bread for "push stick"
1 vinegar salad
3 fingers cheese, pie, ice cream

And you're gasping! 600

IF YOU LOOK this over first without reading the figures, I'll bet you'd think it was more than the self-administered diet.

Yet this totals less than 1500! Within the bounds of this diet, you stand to lose no less than a quarter of a pound a day!

Now just think—when the dieting is over, you can go up as much as 1000 calories a day and hold the weight!

And remember—hold the

Crossfield F.U.A. Meets

CROSSFIELD—The monthly meeting of the Crossfield F.U.A. was held in the Community hall on Wednesday, Nov. 12 with President J. Konschuk in the chair.

Officers and committees for the year include: President, J. Konschuk; vice-president, J. Aldred; secretary, T. Mason; treasurer, L. Mason; publicity, R. Banta; entertainment, K. McTavish, R. Banta, J. English, D. Cameron; lunch, R. Green, D. Konschuk, M. Hehr, G. Miller; directors, K. Cochrane, E. Stafford, F. Jenson, K. McTavish.

Delegates to the provincial convention to be held in Edmonton from Dec. 8 to 12 are Jas. Aldred and John Copley.

Following the regular business a number of regulations to be brought up at the provincial convention were discussed to give the delegates the feeling of the local toward them.

The canvassers are now busy getting F.U.A. memberships.

Remember Mr. and Mrs. Farmer, your organization needs more than your membership. It needs you at its meetings on the second Wednesday of each month, just as you need your farm organization.

Following adjournment lunch was served and a social chat enjoyed.

Because our delegates, whose reports will be given at the December meeting, will be attending the provincial convention on the regular meeting date, the next meeting will be held on Wednesday, December 17.

weight, and you'll hold the ladies! Hold the lowered weight for three months and it'll be hard to go back up.

HERE IS A neat trick I found that lost me pounds, even without dieting.

Watch Fatty and Skinny eat. Fatty knifes clear through the meat, gulping down fat and all. Skinny takes a moment to trim the fat!

Both think they are eating alike, but just that little bit of trimming reduces many a fatty.

Good grade meat is interlined with enough fat without your eating the fat off the edges. So trim the edge!

Remember, just 1 ounce of food less a day is a loss of nearly 23 pounds a year!

It's just these "little things" you do that count up.

I trim the fat.

Many diet queens eat don't and burns up energy. Of course, quite agree on this one, but here it is.

You can "thinkaway" your fat. Before you laugh, listen.

Hard thinking is really work worry burns up more calories than peaceful thoughts. A worried frown burns more calories than a smile—but keep on smiling.

That's why the great worriers are generally thin people. Fatties are too overloaded to think very fast. They'd rather snooze. Ever see a hippopotamus with a worried look? A Hollywood glamor gal once said that her reducing method was to "stay up late nights and worry a lot."

(To be continued)

Washable nylon should be laundered frequently. Water softeners will help prevent the grayish cast which results when all soil has not been removed in the washing. Thorough rinsing is very important to avoid discoloration.

PLYMOUTH RESTYLED FOR 1953

The 1953 Plymouth Cranbrook 4-door sedan features a completely new appearance, with 34 new style features. The new, low hood and one-piece constant-curved windshield provide exceptional driver visibility. A chrome speed-line sweeps back from the grille into the front fender, to be picked up again in the clean, straight-line

rear fender emphasizing the long, low look. Chrysler Corporation officials claim the new Plymouth also has 38 new performance and safety features as well as 21 new comfort features. An appealing selection of solid and two-tone colour combinations with blending interior trims, available in seven Plymouth body styles for 1953.

EDITORIALS

Efficient Farmers

There is a feeling the British ministry of agriculture has lost a drive to increase farming efficiency in that country. It is claimed that last year the wheat yield was down by about 12 per cent, rye 25 per cent, oats 16 per cent, potatoes by more than 150 thousand tons, while production of mutton and lamb has dropped by eight thousand tons. During the same period 261 million fewer eggs had been produced and of the nation's need of 265 thousand tons of butter only six thousand tons had been forthcoming in the country's dairy industry.

It is proposed to conduct farm surveys every three years and those farmers who fail to meet the required standards will be weeded out to make room for more efficient men.

Sodium Fluoride In Water

A number of communities have conducted studies to determine the effect of sodium fluoride on drinking water. In 1944 such a study was begun in two New York communities, Newburgh and Kingston. Kingston citizens were to drink fluoridated water, while Newburgh people drank ordinary water for a period of 10 years.

The 10-year period is not up yet, but the Health Department of the State of New York has reported the interim results. It seems that children who drink water with sodium fluoride added have 47 per cent less tooth decay.

According to Dr. Bruce F. Forsyth, Chief Dental Officer of the Public Health Service, fluoridation is 'the most remarkable public health preventive developed in this country.'

An Experiment In Immigration

Fifty farm families, who lived in the northern part of the Netherland near Hoogeveen, are in the process of moving to Brazil to found a new community. The Brazilian government has staked off a 12,000-acre tract for the band of 300 who are bringing with them 1,000 cows, 15 jeeps, 12 tractors, an entire dairy plant, 55,000 pounds of seed and seed potatoes, and 550,000 pounds of fertilizer.

These Dutch families are taking to Brazil capital valued at \$375,000, or approximately \$7,500 a family. This is four times as much as the Dutch government has previously permitted emigrating families to take out of the country.

Generally speaking, the countries of Europe are over-crowded, and it is in their interest to have some of their citizens migrate to another country like Brazil where there is more land than people. There are many sparsely settled countries that need settlers, but the stumbling block is usually the refusal of the over-populated country to allow its citizens to carry capital out of the country.

The policy of the Dutch government is no exception to the general rule: emigrants are not allowed to carry out an adequate amount of capital goods. As a matter of fact, it took a special act of Parliament to arrange this exception to the general policy so that these 50 families could take with them the capital that would be needed to make them an immediate asset to Brazil where capital goods are in short supply.

Brazilian authorities are co-operating with the Dutch by providing interest-free loans to build houses and develop the farms. Brazil is also sharing transportation cost with the Provisional Inter-government of migrants from Europe which has agreed to contribute up to \$50,000.

It is quite possible that this example of planned emigration may set the pattern for future emigration. It is certainly true that this emigration bridgehead will provide opportunities for later Dutch settlers who will probably not require as much livestock and equipment to get started.

Loose Housing Of Dairy

Loose Housing Of Cattle

In recent years the question of loose housing of dairy cattle has been to the fore. This housing method of cattle management is not new, indeed the principles of the system have been used for generations. Experiments on sheltering dairy cows in cold sheds were made on this continent almost fifty years ago. More recently, special types of stalls and equipment have been developed to facilitate the milking of cows housed by this method.

With the loose housing system the cattle are not tied but are permitted to move at will in a shelter or barn and in an adjoining exercising yard. The shelter provided consists of a building partially opened at the front, having an inside temperature approximately the same as that outside. Within the shelter a manure pack is allowed to accumulate to furnish a warm bed for the cattle. In this type of unit the labor of moving feed and equipment is greatly reduced because the cows move to the feed or feeders, and to the milking equipment in the milking room.

For some time officials of the Animal Husbandry and Engineering Divisions of the Central Experimental Farm, Ottawa, have been studying this method as opposed to the more conventional system of housing cattle. Available published material on the subject has been reviewed and actual housing units have been established at a number of Experimental Stations across Canada.

The conclusions, along with photographs and plans of a satisfactory layout are contained in a new bulletin "Loose Housing of Dairy Cattle." The subject is completely covered and includes chapters on requirements for a loose housing unit, its management and estimated labor requirements as compared with the more general method of housing.

The bulletin may be obtained from the Information Service, Department of Agriculture, Ottawa by asking for Publication 874.

Air Base At Thule

Announcement that Edmonton is to be on a new California to Europe Airline has sort of "taken the lid off" news of the new U.S. strategic air base now in the process of building at Thule, Greenland, which is only 930 miles from the North Pole. This air base is possible through a treaty with Denmark which owns the great island of Greenland.

A quick glance at a globe of the world will reveal that this air base will make it possible for Canadian and American bombers and fighters to sit on top of the world, relatively near the great Russian land mass.

Constructing an air base at this out-of-the-way place was a difficult job and involved many hardships. Since shipping is blocked for all but two or three months of the year, the bulk of the job of transporting workers and materials has fallen on big transport planes.

Out Of Politics

(From the Calgary Albertan)

Liquor is a touchy political question, in British Columbia as everywhere else. The voters, by a margin of three to two, favored the sale of liquor by the glass in licensed establishments, in a plebiscite held in conjunction with the June election. But the new Social Credit government is not anxious to proceed on its own authority. It is obviously reluctant to implement the plebiscite decision.

So it has turned the question over to a three-man commission, which will recommend legislation and regulations. There can be little criticism of that move. Such problems should be kept separate from party politics, and only such an independent commission can do it.

Danger Spots That Breed Communism

By L. W. NEWCOMBE

Egypt and Iran are considered the world's danger spots today. In no place on the earth does so much suffering exist as in the Arab East and in such soil Communism seeds itself and thrives.

To have food enough would spell heaven to 80 per cent of the Egyptian people. Ninety-five per cent of the wealth of the country is in the hands of Pashas, landlords, bankers and industrialists who constitute about two per cent of the population of 18 million. Sixty per cent of the children die before the age of six, and the life expectancy is a 30-year average. As one has said, "Allah has rightly made mortality; we would all starve if it were not so." Yes, the people live, starve, sicken and die in terrible misery, while the rich live in the exotic luxury of a gilded fairyland.

Many thousands of dollars are collected from foreigners for aid, but corruption prevents much of it from reaching the needy. Tons of drugs, like quinine, given by America in the war were stolen and sold in the black market. The war against Israel was regarded as but another method of gain. Princes, generals and contractors made fortunes out of it.

The first piece of domestic legislation attempted by Egypt's new strong man, General Niguib, is a land-reform bill intended to break up all estates of more than 200 acres. His second plan is to reorganize and re-equip the Egyptian army. General Niguib has the reputation of being a square-shooter and incorruptible, and he has at least some of the younger officers with him.

As I write the news comes that he has fired the Premier and dozens of other officials, having met with much opposition to his reform program. It looks like the General means to stand firm.

Neguib's intention seems to be to clean up corruption in the army and among the ruling classes, and to strengthen the army to 250,000 trained fighting men. If he succeeds Egypt can become a real power, independent of the West but also of Russia, which latter has been of primary concern to Britain and America. If Neguib entrusts his power to unsure hands or is thwarted by some means or other, Russia stands ready to try her more extreme and direct method.

Iran is in a more dangerous position, largely because of years of neglect of the humanities by both the ruling classes and by the dominant power in the country, the Anglo-Iranian Oil Co. The oil company had been in a position to direct and force a correction of the abuses and exploitation of the inhabitants. It was about the only business. It furnished the government's income from the royalties it paid. There are 41,000 villages in Iran and 40,000 are owned by landlords; such a state of affairs could not endure forever. As in Egypt, the ruling classes were able to blame the British for the unrest among the peasants rather than their own cupidity. The rights or otherwise of the oil company must now be a secondary consideration to preventing Russia from taking over by internal revolution.

Mossadegh has made some progress in redressing the people's grievances by directing that a larger share of the oil's products go to the worker (nearly 50 per cent), and 10 per cent more to the government. Iran is still a feudal country in that the big holders are still the most powerful and can hardly be controlled by piecemeal measures. Again Moscow stands prepared to use her methods at the first opportunity.

MAY USE ALBERTA COAL FOR HUGE U.S. POWER PROJECT

SPOKANE, Wash.—American interests are planning to spend almost \$2,000,000,000 to finance a chain of Canadian steam power plants to provide power for the United States, the Spokesman-Review has reported.

The project will use low-cost coal of southwestern Alberta and will send its electricity into the northwest power pool to Hungry Horse and Libby, Mont., it said. The cost of the project, to be built over 40 years, was estimated at \$1,800,000,000.

ASSURANCE CLAIMED

The paper said details were revealed by O. R. Angelillo, a Los Angeles consulting engineer. He said the project's backers had assurances from the Canadian Government that up to 10,000,000 kilowat hours could be generated, using Alberta's many streams and huge coal deposits.

He said 100 units in all are planned, and they will be built at the rate of two or three per year.

Angelillo told the newspaper: "It is my understanding we ought to be able to start work on the actual plants by March or April."

LAND SAID CHOSEN

They will be located on a strip of land 35 miles wide and 125 miles long the Alberta-British Columbia boundary. The main promoters cannot be disclosed until financing is complete, he said. However he said La Busca-

der Exploration Company of Pasadena, Calif., will have a part in it.

The paper said an official of the Alberta Industrial Development Board confirmed that California interests planned to build one or more steam generating plants to export electric power to the United States.

Alberta's coal reserves are estimated at 47,000,000,000 tons. Present production is 8,000,000 tons a year, or nearly one half of Canada's production of 19,000,000 tons.

The reserves have been estimated as about 15 per cent of the world's coal resources.

Alberta's coal mines are spread from the Crow's Nest Pass in the southwest, through Lethbridge, Drumheller, Nordegg, Edmonton and the Coal Branch mines area about 180 miles west of Edmonton. Many other known deposits are undeveloped.

There are so many minorities demanding attention these days that the majority rarely gets much consideration.

BEISEKER NEWS BRIEFS

Mr. and Mrs. Bourbonne of High River were recent visitors at the home of Mr. and Mrs. Anton Hagel.

Misses Margaret and Marie Hagel were week-end visitors at the home of their parents, Mr. and Mrs. Felix Hagel.

Mr. Adam German spent the week-end with his mother, Mrs. German.

Mr. and Mrs. Den Boer of Rockyford were Sunday visitors at the home of Mr. and Mrs. Mike Ternes.

Mr. and Mrs. Fred Campbell and daughter, Myrna, motored to Red Deer on Sunday to visit their son-in-law and daughter, and Mr. and Mrs. Charles Weisgerber and Mr. and Mrs. W. Rempel.

Mr. Jimmie Selzler spent a few days in Beiseker with his parents, Mr. and Mrs. Jack Selzler.

Mr. and Mrs. Des Brosteaux spent the week-end in Beiseker at the home of Mr. and Mrs. Vernon Schmaltz.

Miss Florence Hagel spent the week-end with her parents, Mr. and Mrs. E. A. Hagel.

Sixteen members were present at the monthly meeting of Zion United Church Women's Association on Nov. 11. Treasurer's report of the fall supper and bazaar was given. Rev. T. Karpoff thanked the ladies for their help and co-operation which made this annual affair a success. Following the meeting lunch was served by

the hostess, Mrs. J. Skuce, Mrs. F. Wright, Mrs. Carl Lohrke, Mrs. V. L. Rau.

A football game was played in Lacombe.

GOVERNMENT OF THE PROVINCE OF ALBERTA PUBLIC SALE OF LANDS UNDER THE TAX RECOVERY ACT R.S.A., 1942

MUNICIPAL DISTRICT OF MOUNTAIN VIEW NO. 49

Notice is hereby given that under the provisions of The Tax Recovery Act, the Municipal District of Mountain View No. 49 will offer for sale by public auction at the office of the Secretary-Treasurer, in the Town of Didsbury, Alberta, on Saturday the 6th day of December, 1952, at 2 o'clock in the afternoon, the following lands:

NEW GIFT SHOP OFFERS VARIETY CHRISTIAN LITERATURE

A new supply centre for religious materials, gifts and greetings has been opened to supply the special needs of the public in this field by the Gospel Supplies and Recordings Limited. The new shop is located at 10246 101 St. To be popularly known as a gift and greeting shop, it will feature a full line of popular Coutts greeting cards, writing supplies, recordings, books, pictures and novelties, all of interest to the general public.

Of particular interest to those wanting religious supplies will be the collection of religious recordings, sacred music in sheets and book form, religious books and tracts, and Sunday School and pastor's supplies.

The new store is a development of the merchandising department that was operated in conjunction with the Heaven and Home Hour, a daily religious program heard over Alberta radio stations, which has been under the direction of C. A. Sawtell.

Expansion of the business done by the merchandising department made new and larger quarters necessary and early this year a group of 25 Christian businessmen was organized to back the opening of the shop. The operation of the store now will be independent of the Heaven and Home Hour though the two will work closely together in many of their functions.

Manager of the store will be Harold F. Nelson, an RCAF veteran who has made his home in Edmonton for the last seven years.

A studio is being constructed in the rear of the store, where, it is planned, the Heaven and Home broadcasts eventually will originate. It is being made large enough to accommodate frequent visitors to the program from city and rural points.

It will be used also as a recording studio for anyone who wishes to make personal recordings.

The studio is being arranged so that it may be used as a motion picture projection room for 16 mm. films that will be stocked for sale or rental purposes. All the films stocked will be of a religious or educational nature.

It is planned that a second store will be opened on the south side late next year.

The interior of the store has been completely re-finished. The north wall has been covered with a reddish-hued wallpaper in the Inverness plaid and the south wall is pastel green. An off-white ceiling reflects the light of the

658 Grain Cars a Day Being Moved By C.P.R.

WINNIPEG—Canadian Pacific Railway's grain movement is close to a hundred cars per day better than last year, it was revealed Wednesday by D. S. Thomson, vice-president of the Prairie region at Winnipeg, as he released transportation figures from the start of the new crop year on August 1 to date.

This year 56,611 cars have been loaded at CPR country stations from August 1 to date for a daily average of 658 cars, compared to 484,635 cars for a daily average of 565 cars for the same period last year.

"Since the first of November we have loaded an average of 789 cars per day and are aiming at still heavier loading," Thomson said, as he congratulated his road's operating men and other grain handlers on the performance.

At the Lakehead the CPR has 2,055 cars on track ready for unloading and 2,996 cars on the way there, he said. He had high praise for the tremendous job the elevator companies are doing at the Lakehead in the unloading of cars.

fluorescent fixtures running the full 60 feet of the store area, casting a uniform brightness over the store and stock.

Quiet organ music played through one of the finest high-fidelity combination radio and record players creates a pleasing background for shoppers in the store.

Offices for the Heaven and Home Hour also will be located at the rear of the store where they will be close to the centre of the city convenient for visitors.

A VIEW of the new gift and greeting shop from just inside the front door.

Direct Operation Of New Gift Shop

C. A. SAWTELL

HAROLD F. NELSON

C. A. SAWTELL, director of the Heaven and Home Hour, broadcast daily over Alberta radio stations, also is a director of the new Gospel Supplies and Recordings Ltd., located at 10246 101 St. Manager of the gift and greeting shop will be Harold F. Nelson, an RCAF veteran who was born and raised near Wetaskiwin and who has made his home in Edmonton for the past seven years. He will be assisted in the store by a staff of five.

THE NEW TESTAMENT

In the Language of the People

TRANSLATED BY CHARLES B. WILLIAMS

Just imagine a stack of books more than 6,000 feet high! Yes, it would reach even higher than the great airliners that fly over Chicago! That's how many copies of the Williams New Testament have already been sold. And the stack is growing every hour, because a hundred people are buying this fresh, clear translation every day.

Excellent for devotional reading or scholarly study, it is noted for its exact rendering of verb tenses and for the revealing light it casts on difficult passages.

With leather binding \$7.65
With cloth binding ... \$3.30
With paper cover \$1.65

ful driver. Call phone or write F. Bar-
ton, Alix. P.N.22-29Navy Diver Fails
To Locate BodyEDMONTON—A Navy diver from HMCS Naden, Esquimalt,
B.C., was unsuccessful at the
week-end in an attempt to recover
the body of a hunter, Harvey
Watt in Hastings Lake, about 20
miles south of Edmonton.Lieut. Ben Ackerman said he was
forced to give up when he discov-
ered the bottom of Hastings Lake
was rocky, pot-holed and "pitch
black." Navy officials said another
attempt may be made in about a
month, after the lake freezes over.Committed For Trial
On Assault ChargeEDMONTON—Gerald Walker,
23, formerly of Indian Head,
Sask., Tuesday was committed for
Supreme Court trial on charges
of wounding and criminally
assaulting a teen-aged girl.Eight witnesses testified during
a preliminary hearing, the main
testimony being that of the 16-
year-old girl who allegedly was
stabbed in the back and criminally
assaulted by the accused in a car
in the Golden Spike area, 25 miles
southwest of Edmonton, Oct. 6.

CROSSFIELD NEWS BRIEFS

Please keep in mind the Inverlea Ladies Bazaar, sale of home cooking and tea on Saturday, Dec. 6 in the Community hall.

Mrs. Merle Meyers is making slow progress in the General Hospital, where she will no doubt spend a few more weeks.

Mrs. Dorie Casey is recovering after a severe cold seized her, which sent her to bed for a few days.

Mr. Glen Klein, well-known local boy will be married in Didsbury on November 26.

Arlo McCool is a patient in a Calgary hospital suffering from a rather rare infection and it is hoped that he will soon be better.

A fair attendance was present at the Armistice dance held on November 10 and everyone reported a good time.

Following the Square Dance at the 42X club in the community hall on Thursday last, Mr. and Mrs. Hector McDonald entertained their set to a tasty midnight snack which was thoroughly enjoyed.

Bob Freeze, coach of the Bronx football team and assistant coach, John Aggarie, ex-Stampeder, were the guests of honor at the home of Raymond Lee, whose parents served a very delicious Chinese dinner for the occasion, Sunday, Nov. 16. The evening's entertainment was highlighted when Raymond invited 20 Tuxis boys, of whom he is a leader, to view pictures showing the activities of the Bronx last term football games. This was a rare treat to the appreciative boys, who voiced their thanks.

Remember please that your Anglican organization is expecting your patronage on Nov. 29 in the Masonic hall where it will be holding their annual bazaar, sale of home cooking and tea. There will also be a Parcel Post sale which has made so many hits with the public. Be sure to mark your calendar for this date between the hours of 2-5 p.m.

Mr. and Mrs. Edward Aldred are rejoicing in the birth of a daughter in a Calgary hospital, Monday, Nov. 3. The chosen name is Sharon Lynne. Both mother and daughter are doing well.

Report has reached us that Joanne Copley, polio patient, has spent the week-end at her home in Airdrie and that soon she will be admitted to University hospital in Edmonton for further treatment. Our best wishes go out to her at all times with the hope that soon she will be back again as Crossfield and Airdrie functions don't seem just right without her lovely songs and pleasing personality which was so willingly bestowed everywhere.

Mrs. Garnet O'Neill returned from Vulcan where she had spent a few days with her sister Ruth, whose recent illness necessitated a series of treatment in Calgary and who visited at the O'Neill home for the past week-end. Their father, Mr. Ferngren also returned from an air trip to Wisconsin.

Mrs. Hilly O'Neill is a patient in

Schmaltz Family Honored

BEISEKER — A surprise party was held recently by the neighbors of Mr. and Mrs. J. H. Schmaltz to do them honor for winning the 1952 Farm Family award for Southern Alberta. A very pleasant evening was enjoyed when the following couples took over: Mr. and Mrs. H. A. Reding and Grandpa Reding, Mr. and Mrs. John Mayer, Mr. and Mrs. Florian Mayer, Mr. and Mrs. Ike Ternes, Mr. and Mrs. Tony Schwengler, Mr. and Mrs. Van Housen.

A gift of a fern plant was presented the family by Mrs. H. A. Reding. To complete a very pleasant evening a delicious lunch was served.

Lleveland News Briefs

the hospital at Calgary where she received a major surgical operation. Mrs. O'Neill was reported quite ill on Saturday, Nov. 8 but it is hoped that her condition will soon be favorable and that her recovery will be speedy.

The second meeting of the Old Timers' executive was held at the home of Mr. and Mrs. Wilson Stafford on Sat., Nov. 15 with a good attendance. The President found that all conveners of committees were progressing and great interest taken in their duties, which consists of decorations and program work mainly as the banquet is in the capable hands of the CWL. It is expected that around 350 will attend the round-up on Nov. 26 in the Community hall.

The Baptist Young People together with numerous helpers would like to extend an invitation to all to attend a miscellaneous shower honoring Miss Phyllis Bouck. This shower will be held Dec. 5 at 8:30 p.m. in the Masonic hall.

Marva, polio patient, and daughter of Rev. and Mrs. McDonald is slowly making progress in the Children's Red Cross hospital in Calgary and can stand for one minute on her feet. This is a small step on the right road to recovery.

Lions Club Sponsors Children's Party

KEOMA — A Hallowe'en party sponsored by the Keoma Lions Club for the children of Kathryn and Keoma, was held on October 31 in the Keoma Hall.

Prizes were given for the best costumes in comic and original. First prize was won by Ken Schmidt, second by Carol Brown, third by Vallerie Geier. All the children received 10 cents each and all kinds of Hallowe'en treats. A show followed.

The Tommy Smith orchestra were helpful in donating their time to play for the dance. This was appreciated by all. Friends from Irricana, Beiseker, Delecor, Strathmore, Balzac and Calgary also attended the dance.

The Keoma Lions Club held their annual turkey shoot Nov. 11. Many turkeys, hams and chickens were won by marksmen from near and far.

EXPERT BODY & FENDER REPAIRS

FAIR PRICES — Why pay more?

CARSTAIRS

G. Johnson, of Irricana, and her sister, Mrs. Earl Chandler, of this district last week.

Eddy Lang of this district was in Edmonton last week on business.

Dave and Joe Trenchuck of Edmonton were in the district over the week-end.

John Leiske of this district attended the Insurance Agents' Association of Alberta convention which was held in the Palliser Hotel, Calgary, on Nov. 10 and 11.

A very interesting program was carried out and enjoyed by all that were present.

Benefit Dance Held For Alton McCollister

KEOMA — The benefit dance, which was held in the Keoma Hall for Alton McCollister on Nov. 6, was very successful. His many friends were generous in their offerings. A total \$675.00 was collected and will be presented to Alton, who will be in the hospital for some time yet.

The clubs which helped to make this benefit dance a success were from Loyalta, Delroy, Kathryn and Keoma.

Completely New Plymouth Models Now On Display Throughout Canada

The new Plymouth models for 1953 are on display today in dealers' showrooms throughout Canada. These are the most completely new Plymouths to be presented to the public in the quarter century since the original models rolled off the assembly lines, according to John C. McGuire, Chrysler Corporation of Canada, Limited, director and general sales manager of the Chrysler-Plymouth-Fargo division.

New body designs give a long, low appearance. The hood is lower and more streamlined, affording greater vision of the road ahead. A new one-piece curved windshield is optically designed to minimize reflections, according to the Chrysler engineers, and a wider wrap-around rear window greatly improves visibility to the sides and rear. Total glass area has been increased almost 16 per cent for a virtually 360 degree vision range.

While both overall length and height of the new Plymouth have been reduced for greater ease of handling and improved appearance, the passenger room in both front and rear compartments has been increased in the new design. There is more leg and head room, and the rear Plymouth seat is over eight inches wider than that of the previous model.

The new Plymouth features long, sweeping rear fenders, and a wide rear deck. The new trunk has been increased 30 per cent in capacity, with hinges spaced at the outer edges so they cannot close down on the luggage when the lid is shut.

One of the most outstanding improvements, say Chrysler officials, is the new Plymouth Balanced Ride. By a new system of springing and weight distribution the cars are balanced against roll, pitch and jounce. Increased stability on turns, and consequent easier handling of the car is said to result, with much greater smoothness when travelling over rough roads.

Seven different body styles are offered in the two new Plymouth lines for 1953. In the Cambridge line are the Four Door Sedan and the Suburban. The Cranbrook line features the Four Door Sedan, Club Coupe, Convertible Coupe, Belvedere Hardtop and Suburban.

An innovation in all models having a divided front seat is the new 1/3-2/3 seat back division instead of the traditional center division, to permit easier entrance.

TO SERVE IN FRANCE—Leading Aircraftsman Arthur L. Moroney of Legal, Alta., an Aero Engine Technician with the RCAF's 430 Squadron at North Bay, Ont., will be among personnel moving to Europe late this month when three RCAF Sabre-jet squadrons will fly the Atlantic via Greenland, Iceland and Scotland to Gros Tenquin, near Metz in northeastern France. The two other squadrons in the movement are 416 Squadron, Uplands, Ont., and 421 Squadron now based at St. Hubert, Que. On arrival at Gros Tenquin, the three squadrons will bring Canadian fighter strength in Europe to six squadrons, half of Canada's proposed air contribution to NATO. Three squadrons have been stationed at North Luffenham, England, for some months. The peace-time presence of Canadian fighter squadrons in France will mark another milestone in RCAF history as will the Atlantic crossing, en masse, of more than 60 aircraft in "Operation Leap Frog II." — (National Defence Photo).

590 a day, and emigrants left on an average of 145 daily.

The figures left a net population gain of more than 419,000 per year.

PIANOS

Pamphlet on Request

Wilson and Umbach

Ph. 2154 CAMROSE

WHAT'S IN A NAME

ERSKINE

Erskine was formerly known as Liberal until 1906. The village, some 40 miles east of Lacombe, is located in a farming area.

FRANCHERE

Named after Gabriel Franchere who travelled east from the Columbia River via Moose Lake in 1814; named by the CNR.

DELBURNE

Approximately 25 miles east of Red Deer, Delburne, was known as Gaetz Valley Post Office until 1911 when it was changed to the present name.

The Grand Trunk Pacific Railway completed their survey and founded the townsite of Delburne in 1912. Before the railway came, Delburne boasted a real estate office; a lumber yard; two hardware stores; one bank and one doctor, as well as a grain elevator belonging to the UGG.

\$1 for BRIGHT SAYINGS

The Editor will pay \$1.00 for each child's saying printed. To qualify, item must be true, personal remarks of child known to the writer. Address "Bright Sayings," P.O. Box 4368, South Edmonton.

While I was away my small boy and girl baked cookies. When I returned Shirley, my three-year-old girl said: "Mama, Jimm baked cookies. He was going to bake a cake, too, but he couldn't find the pattern".

ware stores; one bank and one doctor, as well as a grain elevator belonging to the UGG.

The population of the village in 1946 was 379. Farming and grain-growing are the main occupations carried on within this region.

Beiseker Couple Feted

BEISEKER — A surprise party was held on Nov. 7 at the home of Mr. and Mrs. Tony Schwengler, the occasion being their 20th wedding anniversary. Mr. W. Berreth entertained for the evening on his accordion. A delicious lunch was enjoyed by all. Present were: Mr. and Mrs. H. A. Reding, Mr. and Mrs. John Mayer, Mr. and Mrs. J. H. Schmaltz and Lima, Mr. and Mrs. Bill Berreth, Mr. and Mrs. Van Housen, Mr. and Mrs.

Joe Kiprick, Mr. and Mrs. Bill Schwengler, Mr. and Mrs. Jack Selzer, Mr. and Mrs. Oswald Ternes, Mr. and Mrs. Albert Morasch, Wanda and Lois Van Housen.

400 Attend Church Social

MADDEN — The Ladies' Club met on Wednesday, Nov. 5 in the church with a fair turnout of members. The treasurer reported one of the most successful chicken suppers ever held. Approximately 400 were served and bazaar items sold well.

Another boost to club funds were the receipts of money from lunch served at the CA Havens auction sale when about \$100 were cleared.

At the close of the meeting a tasty lunch was served.

Reading a book would not be so difficult if the writers knew more about what they wrote about, and explained it simply.

Kathryn News Briefs

The annual turkey shoot sponsored by the Keoma Club on Nov. 11 was very successful, both financially for the Lions Club and for the lucky participants who took home turkeys, hams or cigar-ettes.

Columbia Lilies' Aid report a good attendance at their annual chicken supper and bazaar. A very entertaining program provided by local talent followed the supper.

Mr. A. Carlson was honored by the men of Kathryn Community at a surprise stag party on the occasion of his 15th birthday.

Mrs. D. Severtson underwent a leg operation in the Holy Cross Hospital and is progressing favorably.

The Kathryn Community Club sponsored their annual chicken supper and bazaar on Nov. 14 in the school auditorium. Everyone enjoyed the square dancing which followed under the guidance of
